§ 241.3 Discontinuance of post offices.

(a) *Introduction*—(1) *Coverage.* This section establishes the rules governing the Postal Service's consideration of whether an existing post office should be discontinued. The rules cover any proposal to replace a post office with a community post office, station or branch, consolidation with another post office, and any proposal to discontinue a post office without providing a replacement facility.

(2) *Legal requirements.* Under 39 U.S.C. 404(b), any decision to close or consolidate a post office must be based on certain criteria. These include the effect on the community served; the effect on employees of the post office; compliance with government policy established by law that the Postal Service must provide a maximum degree of effective and regular postal services to rural areas, communities, and small towns where post offices are not self-sustaining; the economic savings to the Postal Service; and any other factors the Postal Service determines necessary. In addition, certain mandatory procedures apply as follows:

(i) The public must be given 60 days' notice of a proposed action to enable the persons served by a post office to evaluate the proposal and provide comments.

(ii) After public comments are received and taken into account, any final determination to close or consolidate a post office must be made in writing and must include findings covering all the required considerations.

(iii) The written determination must be made available to persons served by the post office at least 60 days before the discontinuance takes effect.

(iv) Within the first 30 days after the written determination is made available, any person regularly served by the affected post office may appeal the decision to the Postal Rate Commission.
